USE OF AI

Existing Partnership

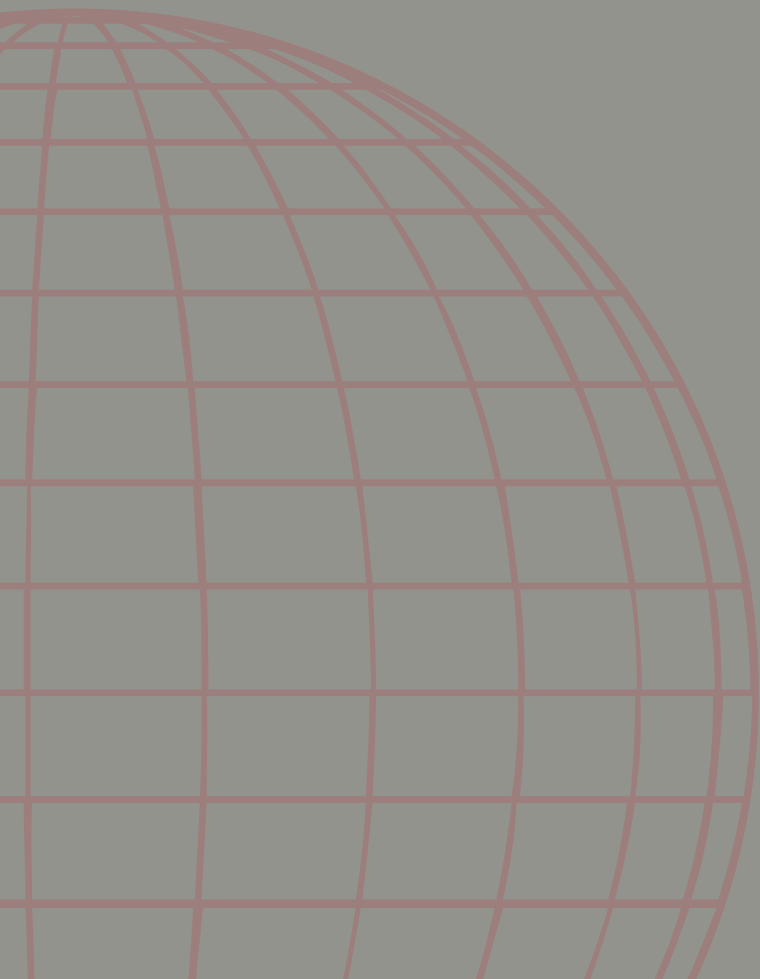

No public records found with deep search

High Volume

Elements found by AI tend to say they exported 30T to china

Recommend

Ask about current provider and if satisfied with quality, ask about problems encountered

MY SOLUTIONS

01

Direct Contact

Bold approach to contact by phone or just use the form on website

Low effort

Personalised message

02

Meeting Request

Request a Meeting to understand the needs and potential collaboration

More effort

More engaging

03

Engineer contact

Find way to get in contact with more qualified people

More meaningful

Not guaranteed

FEEDBACK

Now that I have done this task I feel confident that I can be able to do it again quickly 1 hour per company for all the information.

Is it useful ?

Would this info help with clients ?

Is there an interest doing this with big and small companies ?
